Clays family note: With Clays, Gold or Gold Family, the clays card may be shared with a spouse and children of any age when the primary member is present.

Important: Annual term is July 1-June 30. Memberships do not renew automatically; you are responsible for renewing by July 31, within the grace period, to avoid reapplication and another initiation fee. One card is issued per membership, and the primary member must be present for family benefits. The 770-yard range is excluded. Clays are discounted, not unlimited or free. If a Clays, Gold or Gold Family membership expires, any remaining prepaid-clays balance will be converted to an equivalent number of clays at the non-member rate based on its remaining purchase value.

Family-inclusive memberships: The membership card will not be issued until the spouse has signed the required waiver.
